

Manistee River Currents

From The Banks At Chippewa Landing

Newsletter #23

This has been an exceptional spring at Chippewa Landing. With all the warm weather, the early campers, canoers and fishermen have really enjoyed the river this year. The forecast is for more hot weather all the way through Memorial weekend. We have the gear ready; canoes, rafts, kayaks and even tubes for this holiday weekend. Campsites are all mowed, picnic tables are painted, and the new design t-shirts are on the shelves.

The bridge update is as follows: **IT IS OPEN**, and looks great. Oak Grove Campground is 5 minutes away instead of 25 and both camps have room for campers. So get out your tents, pop-up's or RV's and enjoy a good start to the summer by taking a river trip down the Big Manistee. The water is at summertime levels, clear and pretty warm for this time of year.

The fishermen are having a blast with the great fishing the warm spring has given us. The Wooded Pavilion was full of white flowers (trilliums) this spring and I hope there are some left when the Cruz family enjoys Memorial weekend here again this year. Also, it will be good to have Heather here this year with her group on the Top Bluff Camp.
