

Manistee River Currents

From The Banks At Chippewa Landing

Newsletter #24

Thank you to all of the canoers and campers that enjoyed the weeks before and during Memorial weekend! It was a great spring with high temperatures and lots of sunshine. We had many customers who went a multiple day trips and stayed along the river. They started way upstream and spent one to four nights along the riverbank. What a great way to enjoy peace and solitude along the Big Manistee River.

The fishing remains good with a more-than-usual amount of fish caught in the eight to ten inch category; it's a good thing to know that they will be big enough to keep next year! Many of our employees have gone on fishing trips in the past couple weeks, and our office girl, Laura, caught 6 fish in one evening (although they all had to be released because they were too small to keep)!

With an increased interest in rafting and kayaks, Chippewa Landing has increased its fleet with new Old Town Loon 111 kayaks and rafts.

We are looking forward to the upcoming weeks, with lots of great campers coming to Chippewa Landing and Oak Grove! It will be great to have the usual father and son group in the Wooded Pavilion, the mohawk haircut group in the Top Bluff, and our upcoming boy scout groups!

If you get a chance to go to the state park in Cadillac on June 12th between 11 and 2, Chippewa Landing will be having a canoe and raft demonstration, with free trial runs. Our very own Sarah and Matt will be there to assist you.
