

# Manistee River Currents

*From The Banks at Chippewa Landing*

## Newsletter #42

The best season of all, SUMMER! Canoeing, kayaking, rafting, tubing, camping; we have it all. We have the best of both worlds with our rustic campground, Chippewa Landing, and our non-rustic campground, Oak Grove, which comes with full hook-ups and a bath house. With the weather finally warming up, we expect to see many soaking up the sunshine on the beautiful Manistee River.

Get to know our staff! Our staff is very accommodating and happy to help in any way they can. We have a couple “newbies” this year, but they are catching on quickly and have already been on some river trips. They are a great batch and all enjoy the river fully.

We have had canoers on the river since the beginning of May (which is later than usual), and started right out with putting groups out for extended trips of two and three days with one group out for five days. The groups that were fishing experienced some great catches so far this season.

The first tubers were the third week of May, May 25<sup>th</sup> to be exact (which was earlier than normal). We have had many tubers follow since then and they have a blast. It even makes our staff jealous of the fun they are having and the memories they are making. That's okay though, the staff all set aside time to have their fun down the river, but in the meantime, they will be an aide in your fun and lend a helping hand (or two).

Don't forget to stop in our store at the end of your stay and get yourself a souvenir hoodie or t-shirt! We also have ice and cold pop. Chippewa Landing welcomes you, your family and friends. We hope to see you on the river soon!
