

Manistee River Currents

From The Banks at Chippewa Landing

Newsletter #45

You know summer has really begun when you have a campground full of happy guests on Memorial Day weekend. With the temperature nearing 80 degrees, and our campground nearly full, our staff felt like it was a busy weekend in July instead of a weekend at the end of May. If this spring is any indication, then this summer is bound to be our most exciting and busiest summer ever.

With the increasing amount of guests, Chippewa Landing has made some pleasant improvements. We have invested in 4 additional rafts, 15 Osagian canoes, and 3 double kayaks in order to meet the growing demand of our customers.

As if there wasn't enough to do here at Chippewa Landing, we have added a brand new hiking trail. Our new trail loops around behind some of our rustic campsites and down by the river. It provides the explorer with the opportunity to see some of our northern Michigan wildlife.

Finally, we have two new additions to our staff. Our first new employee is Garrett, an eager young buck who is ready to make his mark on Chippewa Landing as a deckhand. Our second new addition is Laura. For those of you who have been coming here for years may remember her as the office girl at Chippewa

Landing. After taking a few years off to work in Ann Arbor and travel the world, she is now back and working at Oak Grove as the office girl there.

The Manistee River is unique in the Lower Peninsula because along the entire stretch, it is almost entirely undeveloped state forest. The reason that this is important is because it provides us with the opportunity to pull off and camp freely along its banks. We take advantage of this every chance we get and we encourage you to take advantage of this as well by booking an overnight trip with us. Our friendly and knowledgeable staff is more than happy to use their experience to help you plan the perfect overnight trip. Our 17' canoes allow for large amounts of gear and still remain roomy for an enjoyable camping trip with all of the comforts of home.

Our campground is filling up fast, so make sure to call and reserve a campsite and river equipment as soon as you and your group have chosen a weekend. If you have any questions about our overnight trips, call either phone number and we will answer any questions you may have. Come and share unforgettable memories with friends and family and experience the new additions we have included for this fun year.
